Dear Sir:

The Applicants claim priority under 35 U.S.C. 120 from U.S. Patent Application Serial No. 08/851,573 filed May 2, 1997. The UTILITY PATENT APPLICATION TRANSMITTAL filed in this application cited the wrong serial number of the parent application of this application ("09/851,573") rather than the correct serial number ("08/851,573"). A preliminary amendment filed with this application cites the correct serial number of the parent application in an insertion before the first line of this application.

If the Examiner has any questions or other correspondence regarding this application, Applicants request that the Examiner contact Applicants' attorney at the below listed telephone number and address to facilitate prosecution.
